More discussion will need to be had with the County and DOT regarding the funding for the work needed to move lines. - f. Other Office Manager Items – Employee Evaluations need to be scheduled. Commissioners Malone and Brown volunteered to perform these and Chairman Aibejeris asked to attend. D&B contacted us regarding the District's rating but it was felt that nothing needed to be done regarding this. Kerry Puhl Mowing damaged a manhole cover and has been billed for repairs. Our audit has been scheduled for December 22, 23, 29 and 30. We have gotten several complaints regarding the early meeting time, but the Commissioners feel that if someone really wants to attend, they will make arrangements to do so. Educating customers about our Grinder Pumps was discussed and as we already sent out one flyer this year, and the information is on the website, we will add it to the Facebook page. We have had a volunteer from the Community offer to pass out flyers, but as we have very few full time residents, the Board felt that assistance was not needed. Citizens Bank has been notified to update the authorized signers on the signature cards since Mr. Lee Bennett still remains an authorized signer. I have been instructed by the bank to send to them the boards instruction to unanimously approve the removal of Mr. Bennett and that all other signers are to remain authorized. **Commissioner Gennie Malone made the motion to remove Mr. Bennett from the accounts as an authorized signer and to retain the others.
