PRECAUTIONARY BOIL WATER NOTICE

September 1, 2026

**TO: RESIDENTS OF MARINA ROAD, PONCE DE LEON ROAD,
BLUE CREEK DRIVE, AND ELLIS MORE DRIVE**

A water main break has occurred along County Road 316 South, in front of the public restroom facilities at the boat ramp, resulting in an interruption of water service to the areas listed above.

Therefore, as a precaution, we advise that all water used for drinking, cooking, making ice, brushing teeth, or washing dishes be boiled. A rolling boil of one (1) minute is sufficient. As an alternative, bottled water may be used.

This "Precautionary Boil Water Notice" will remain in effect until the problem has been corrected and a bacteriological survey shows that water is safe to drink.

If you have any questions, you may contact the Taylor Coastal Water & Sewer District at (850) 295-2950.

COURTNEY VALENTINE
